FIELD NOTES

The interview was conducted at Mr. Nguyen’s house in Westminster. Present during the interview were the Narrator, Phep Xuan Nguyen and the interviewer TramAnh Vu. We followed protocol, signed all consent and release forms prior to beginning. I took photos of Mr. Nguyen and he was very comfortable during the entire process.

Mr. Phep Xuan Nguyen showed up to the interview very formally dressed in a black t-shirt under a black jacket. He was easy to answer all the questions. However, there was a little bite hard for him to remember all his children’s birthdays. When answering this question, his wife who was in another room had to come to us and helped him answer correctly this question.

It is recommended we ask the narrator take note important data before the interview is conducted.
